About GROW

GROW's work is grounded in our mission statement - *"Equitable participation in society is a fundamental right we all share. By supporting people of all abilities, our commitment is to provide opportunities for Growth to each person we serve".*

GROW provides services for individuals with disabilities in the greater Brockton area to plan their individual goals and supports them in achieving those goals. GROW provides a wide range of services to almost 300 people. These programs include Day Habilitation, Community-Based Day Supports, Vocational Training and Employment Services. GROW Associates' services helps adults with developmental disabilities achieve a sense of accomplishment and self-worth.

For those served and for the staff, GROW is like a second home. Important tenets at GROW, which sets them apart, are the offering of choice and involvement in life decisions and encouragement to participate in community activities. Team members and staff are facilitators, working together with those they serve and their families, teaching and creating bonds that help build confidence.
