

Central Massachusetts Housing Alliance Seeks Chief Program Officer

About CMHA

Since its inception in 1984, [Central Massachusetts Housing Alliance \(“CMHA”\)](#) has been more than an organization dedicated to addressing homelessness – it is a force for change, a beacon of hope, and a catalyst for lasting impact. At the heart of CMHA's mission is a commitment that goes beyond the provision of services; it is a relentless pursuit of understanding and tackling the root causes of homelessness to pave the way for a future where such services are no longer desperately needed. Guided by a visionary approach, CMHA spearheads a collaborative response to homelessness across five focus areas and an array of [impactful programs](#).

- **[Planning and Convening](#)**: CMHA prides itself on taking a data-driven approach to inform stakeholders across Worcester County on the impacts of homelessness for all populations. CMHA convenes local, state, and federal partners to develop and implement plans that will end homelessness.
- **[Prevention](#)**: CMHA believes in nipping challenges in the bud. Through early intervention that encompasses counseling, mediation, and targeted financial assistance, CMHA ensures that minor setbacks do not escalate into full-blown housing crises.
- **[Homelessness Transition](#)**: As individuals strive to regain stability, CMHA provides a comprehensive support system. Access to education, employment, and various other programs contributes to long-term housing and economic stability.
- **[Shelter and Safety Net](#)**: Recognizing the urgency, CMHA offers critical emergency shelter for families experiencing homelessness. Simultaneously, safety net programs provide ongoing assistance, guiding individuals toward the path of reclaiming their homes.
- **[Public Education and Advocacy](#)**: Rooted in the belief that learning from the experiences of those served is paramount, CMHA engages in public education and advocacy efforts. This serves as the foundation for fostering long-term local, state, and federal policy change in prevention, shelter, and safety net initiatives, moving beyond homelessness, and raising awareness on a broader scale.

Headquartered in Worcester, MA, and serving throughout central Massachusetts, CMHA employs approximately 180 dedicated staff with an enduring commitment to eradicating the cause of homelessness, many with substantial tenures at the organization. Operating on a \$40 million annual budget, CMHA is governed by an active 15-member Board of Directors comprising community and business leaders deeply impassioned by CMHA's mission.
